PHASE OUT ANNOUNCEMENT

CUSTOMER RESTRICTED

1. Concerning TPT tools (TETRA)

Airbus DS will carry out renewals in the TETRA Terminal device management tools product portfolio.

The reason for this phase out notice of intention is Airbus DS plan for TPT (TETRA Programming Tool) and TPT Easy phase out and replacement by Taqto tool Release 2.3 which is modern integrated tool for terminal management.

TPT and TPT Easy are PC tools for updating SW and programming parameter configurations into the TETRA radios from Airbus DS.

This document presents the list of concerned products, the possible replacement and estimated schedule of the phase out.

2. Impacted Sales item codes (References)

2.1. Sales items

The following table lists the discontinued sales items:

| Reference | Commercial Description | Technical Description | Comment |
|-----------|------------------------|--------------------------------------------------------------------------------------------------|---------|
| T0090276 | TPT | TETRA programming tool for SW update and parameter configurations for full set of parameters. | |
| T0090278 | TPT Easy | TETRA programming tool for SW update and parameter configurations for limited set of parameters. | |

Note : TPT tool remains as HW maintenance and tuning tool for repair services

2.2. Associated Accessories and Spare parts

| Reference | Description | Reusable with Taqto |
|-------------|--------------------------------|---------------------|
| HG5208A | CA-115 ADAPTER CABLE TDR880I | YES |
| HG5229A | CA-119 USB PARAM CABLE TAQTO | YES |
| HG5245A | CA-121 USB PARAM CABLE THR | YES |
| HG5246A | CA-122 USB PARAM CABLE TMR880I | YES |
| HG5248A | CA-123 FLASH CABLE TDM880I | YES |
| HG5396A | CA-147 USB PARM CABLE FOR TH1N | YES |
| HR7789AAA01 | PK-1M PROTECTION KEY USB | NO |

2.3. Identified impacts on other products

No impacts on other products identified.

3. Estimated planning for end of services

| Events | Date |
|-------------------------------------------------------------------------------------------------------------------------------------------|------------|
| <u>End of Sales :</u> You can order the product until | 30.12.2016 |
| <u>End of Deliveries :</u> Last deliveries of product will be made by : | 30.03.2017 |
| <u>End of Technical Support ¹:</u> Provisional date of stopping support activities and services for the product by : | 30.06.2017 |
| <u>End of Support :</u> Provisional date of stopping Support & Repair for the product by : | 30.06.2017 |

Customers having old TPT can use it with their old radios as it is, but Airbus will focus for TAQTO tool and TPT shall not provide support for the latest terminal SW releases.

4. Replacing product

4.1. Date of availability

TPT and TPT Easy can be replaced by Taqto that is already available.

4.2. Advantages / benefit

Taqto provides the same and much more functionality as TPT tools i.e. licenses and facilities for

- 1) SW updates,
- 2) Parameter configurations

within Taqto environment. Taqto is a device management tool that provides cost efficient way to manage your radio fleet by :

- Allowing device management to be performed remotely or locally
- Multi-programming
- Centralized database
- Strong focus on simplification and usability
- Future proofness

To find more about Taqto and it's benefits, visit
<http://www.securelandcommunications.com/taqto-terminal-manager>

¹) Technical Support includes Documentation and Training.

4.3. Compatibility

Taqto provides the same feature level than TPT tools and supports the full portfolio of Airbus DS Tetra Terminals.

Support for different terminal products and SW releases are provided by product specific firmware packages. These firmware packages must be imported to Taqto before ITSI programming and management can take place. Firmware packages for supported product configurations are available in

Cinfodin: Cinfodin/GET HELP & SUPPORT/Tools/TAQTO

4.4. Sales items

The basic Taqto SW licenses are as follows:

| Reference | TAQTO SW licenses | License definition |
|-----------|--------------------|------------------------------------------------------------|
| HT9112AA | Taqto SW License A | Terminal qty: 1-999, Client qty: 1 (same PC as server) |
| HT9113AA | Taqto SW License B | Terminal qty: 1000-4999, Client qty: 1 (same PC as server) |
| HT9114AA | Taqto SW License C | Terminal qty: 1-4999 Client qty: 2-9 |
| HT9115AA | Taqto SW License D | Terminal qty: 5000-19999 Client qty: 10-19 |
| HT9116AA | Taqto SW License E | Terminal qty: 15000-24999 Client qty: 20-32 |
