

Zebra in the Government Vertical

Simon Saatchi

Senior Sales manager – Mobile computer Android Lead

It's Never Been More Challenging to Be a First Responder

More calls to respond to

Increased public scrutiny

Budget Constraint

Pressure to modernise technology

Rising cybercrime threats

Struggle to retain new recruits

What's Possible When you Connect

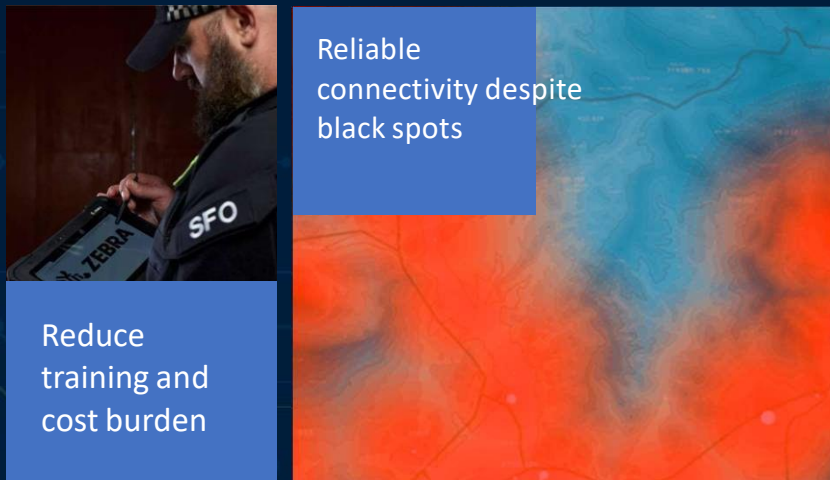

Seamless sharing of data

User-friendly, field-ready devices

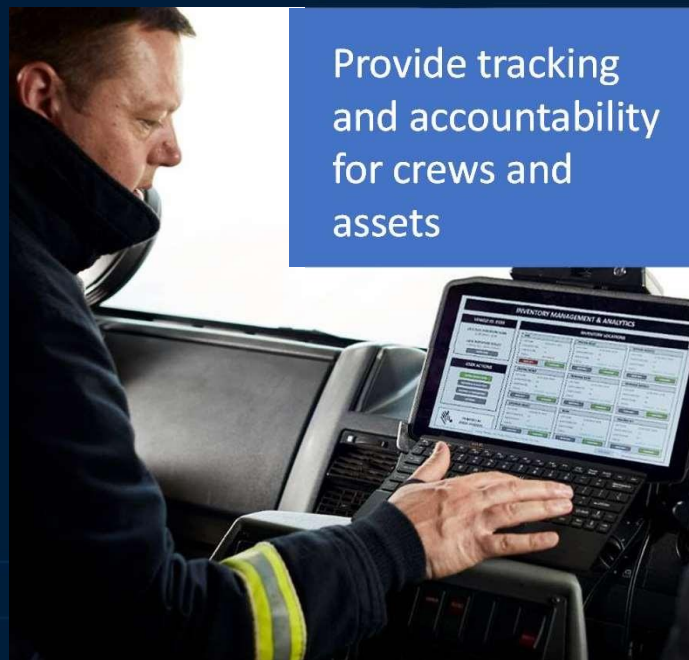

Bridge communication gaps to reduce errors and delays

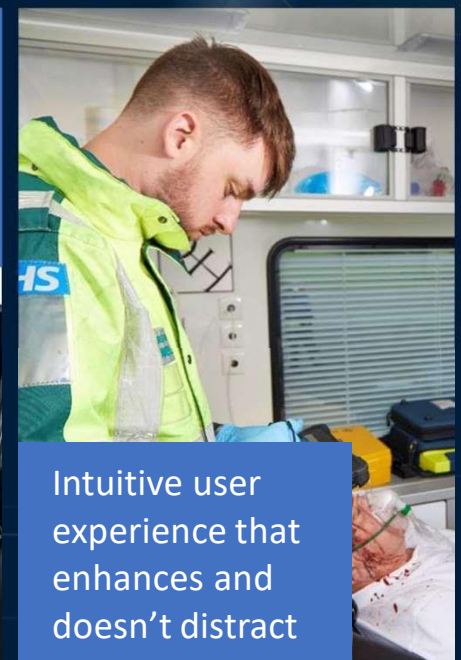

Reliable connectivity despite black spots

Reduce training and cost burden

Provide tracking and accountability for crews and assets

Intuitive user experience that enhances and doesn't distract

Government & Public Safety: Value Drivers

Asset and Inventory Visibility

Inventory monitoring and tracking of items and equipment

More time of emergency and rescue personnel

More security for citizens

Reduction in loss and cost saving

Mobile Digitisation

Mobile computers for real use cases and adverse environments

Ensuring usability in harsh environments

Accelerate device integration and operations

Support for the introduction of innovative digital services

Critical Communications

Ensuring reliable and secure communication

Protecting confidentiality by focusing on security

Secure voice and data communication

Support for modern broadband technologies

Government & Public Safety: Asset and Inventory Visibility

More time for emergency and rescue personnel

More safety for citizens/patients

Less material loss

RFID Fixed Readers & Portals

RFD40/RFD90

There is a Zebra solution – Next generation TC devices

TC22/TC27

A new **significantly faster** Qualcomm processor

Innovative expandable solutions — Workstation Docking

TC53/TC58

A bigger, brighter **6-inch FHD+** display

Industry best data capture including **advanced range scanning**

TC73/TC78

Enhanced durability — rugged, ergonomic design

Powerful Zebra-only **Mobility DNA tools**

5G, Wi-Fi 6E, — faster, future-proof connectivity

Android 11
Up to **Android 16**

There is a Zebra solution – Next generation Tablets

<p>The right-priced rugged tablet that is built for the enterprise</p> <ul style="list-style-type: none"> • 8- and 10-inch models • Healthcare model • Integrated scanner on all SKUs • Z-Backs add functionality; additional power • Rugged Frame option increases durability 	<p>The right-priced rugged tablet that is built for the enterprise</p> <ul style="list-style-type: none"> • 10-inch models • Integrated scanner on all SKUs • Freeze -30 • Advanced wireless communications and processor • Rugged, yet surprisingly thin and lightweight 	<p>Surprisingly rugged, thin and lightweight for everyday business use</p> <ul style="list-style-type: none"> • 8- and 10-inch models • Z-Backs add functionality; additional power, scanning & payment modules • 8" Integrated Scanner option • Rugged Frame option increases durability 	<p>Seriously rugged to the core, Incredibly versatile</p> <ul style="list-style-type: none"> • Three 10" form factors: <ul style="list-style-type: none"> • XSLATE – Classic form factor • XPAD – Rugged integrated handle • XBOOK – with kickstand and keyboard • Built-in barcode reader option - XPAD • Rugged specs that outperform in the harshest conditions 	<p>Uncompromised rugged mobility</p> <ul style="list-style-type: none"> • True 12" 2-in-1 tablet with friction hinge keyboard • Rugged, yet surprisingly thin and lightweight for a 12" tablet • Advanced wireless communications and processor • Universal docking solution – desktop and vehicle
